

ANISH PATIL

EXTC ENGINEER

Mob:- 7058734556 E-mail:- anishpatil0965@mail.com

Portfolio:- [Link](#) LinkedIn:- [Link](#) GitHub:- [Link](#)

EDUCATION:

- Bachelor of EXTC Engineering (Pursuing)
Shivajirao S Jondhale College Of Engineering (SSJCOE)
- Higher Secondary School Certificate (HSC)
Kokan Education Society N.N. Patil High School (KESHS)
Percentage:- 70%. 6/2019 - 6/2021
- Secondary School Certificate (SSC)
Mahatma Gandhi Vidyalaya Hashiware (MGVHSE)
Percentage:- 74.60%. 6/2018 - 6/2019

INTERSHIP:

- Vikas Institute Educomp
10/2022 - 11/2022
-Work as Designing and building IoT devices using microcontrollers
-Connecting IoT Devices to Cloud Services.
- Edunet Foundation
07/2024 - 08/2024
-Built a chatbot using IBM Watson for personalized game recommendations.
-Provided game details based on user preferences.
-Focused on enhancing user engagement and dynamic content updates.
- Motion Cut
09/2024 - 10/2024
-Worked as a C Programming Intern.
-Focused on improving programming skills and logical problem solving.

PROJECTS:

#PROGRAMMING PROJECTS:

- Java Programming
-Developed a Java-based food ordering system using MVC architecture. Implemented customer registration, food menu management, cart handling, and order processing with JDBC for database interaction.
- C Programming
-Developed an ATM system using C for Balance Inquiry, Cash Withdrawal, Deposits & Change PIN.
- Game created using AI
-I made application of flappy bird & tic tac toe game with the help of AI

#HARDWARE PROJECTS:

- An Integrated Electronics and Telecom Approach to Women's Safety
-Designed a smart women's safety device "Taser" with GPS tracking, GSM alerts, and high-voltage self-defense.
- Home Automation Using NodeMCU
-Mobile control home Automation, we can switch our appliances on & off using mobile.
- Smart Dustbin Using Arduino
-A simple smart dustbin is an automated waste container equipped with sensors to detect motion and open the lid hands free. It can help maintain hygiene by minimizing contact.

SKILLS:

- Programming Languages:- Java | C/C++ | HTML/CSS | JAVASCRIPT
- Networking & Embedded System:- Network Protocols | Multiplexing | Microcontrollers
- Microsoft Office Suite:- Word | Excel | PowerPoint | Access | Publisher
- Interest:- Web Development | IOT | Networking | Home Automation
